

Ma204–Programming with Robots:

Distributed: February 6, 2009

Homework 03

Due: February 13, 2009

*Submit the program files to me via the upload web page¹ described in class. Submit the remaining problems to me (also via the upload web page) in either a text or pdf document (preferred) or a word document (tolerated), neatly written and organized. Please do **not** print out your program, only submit it electronically.*

- (1) Building Exercises:
 - (a) Build the REM tribot². (To get credit for this part of the assignment, show me the constructed robot sometime before the due data.)
- (2) Programming Exercises:
 - (a) Chapter 5: 3
- (3) Written Exercises:
 - (a) Chapter 5: 2, 4, 6, 7, 9
